PROPERTY DETAILS

This distinctive condo is truly one-of-a-kind! Inside, it's bright and spacious, offering all the amenities a homeowner could need. It features two bedrooms, two full bathrooms, a convenient vanity sink in the laundry area, and an in-unit full-size washer and dryer. Plus, enjoy the added bonus of a private, fully functional two-car detached garage with alley access. Now the charm—it's like living in a castle resembling the Richardsonian Romanesque era with heavy, rock-faced stone, transom windows and a large covered front porch. The interior charm is exposed brick, a multi-level open floor plan, tall wood baseboards, and bamboo flooring. This home is unique and full of character. You won't find anything like this again! The location is unbeatable—just a short walk to the beautiful Washington Park and close to everything you need. Coffee shops, restaurants, bars, the South Broadway district, Downtown Denver, and easy access to the Interstate are all just minutes away. Don't miss out on this amazing opportunity!
