## PROPERTY DETAILS

Located on a quaint cul de sac, this beautifully updated home is the perfect blend of comfort, style and convenience. A contemporary floor plan with vaulted ceilings, a cozy fireplace, and new carpet emanates a warm & inviting feel. The recently updated kitchen is stunning with Quartz Countertops, Marble Backsplash, Stainless Steel Appliances, Pantry, engineered wood floors and a dedicated Butler's Pantry. The primary suite offers mountain views, vaulted ceilings & an ensuite bath with soaking tub and walk-in closet. The finished basement includes an additional bedroom, bathroom with shower and additional living space with a built-in granite bar. Outside, the private backyard has a new stamped concrete patio ready for entertaining and a new walkway path leading to the front of the home. Mature trees and a spacious level yard make this an ideal setting to enjoy summer evenings. The covered front porch overlooks the new landscaping, lighting, & sprinklers in the front of the home. NEW furnace, A/C unit, Roof, Carpet & Updates throughout, make this home ready for your buyers to move right in with ease! Close proximity to local restaurants, Highlands Ranch Rec Centers, open space and trails!
