STUNNING and newly renovated! This brand new primary suite is a private oasis, spanning nearly 500 square feet, perfect for a queen! Enjoy ample space for dressers, a seating area, or a workout space, plus a spectacular walk-in closet for all your seasonal clothing and accessories. This unique suite rivals those in multi-million dollar homes!

The fully remodeled home features designer upgrades throughout, an oversized garage with EV charging, two storage sheds with electricity, and a charming 2-story playhouse in the backyard. Both front and back patios provide shaded spaces for outdoor entertaining in a beautiful neighborhood with mature trees, parks, a pool, tennis courts, and top-rated schools nearby.
